NUMBER 68

HEAVY FIRE LOSSES.

Wapakoneta, Ohio, Visited by a Conflagration.

EIGHT FIRMS BURNED OUT.

The Mechanics' Block and Several Other Buildings Destroyed—The Colt Patent Firearms Company at Hartford Suffers a Heavy Fire Loss—Big Blaze in Duluth—Other Fire Losses.

WAPAKONETA, O., Feb. 12.—At 11:30 Saturday night fire broke out in A. F. Smith's Cheap store, in Mechanics' block. The seven storerooms in the block were all heavily stocked, and the contents of a drugstore, clothing store and dry goods store offered the flames a fine chance for destruction.

At 2 o'clock, when seven buildings were absolutely beyond control, the Lima (O.) fire department was sent for. Before they arrived Kahn's dry goods store, a brick structure adjoining the Mechanics block, began to burn, and, until the arrival of the Lima relief, the entire south side of Anglaize street, a row of wooden buildings, were threatened. Goods were moved into the street, and it was only by heroic efforts of bucket brigades on the roofs of the wooden buildings, which caught fire repeatedly, that they were saved.

After Lima's fire department came with a second steamer, the fire was confined to the buildings then burned beyond repair.

The fire burned east from the First National bank, and while the streams were all working well down that street fire broke out above the bank and threatened to communicate to The Democrat building, but after an hour's hard work the danger was overcome.

The losses are as follows: Mechanics' block, \$14,000; Kahn Brothers' store and stock, \$30,000; Buckeye Cigar company, \$9,000; Moser & Kyser, druggists, \$6,000; Fisher Clothing company, \$2,000; Bargain store, \$2,000; Hayner liquor store, \$300; bank, \$200; tenants' goods and lodge paraphernalia, \$1,000.

The insurance on the block is adequate to cover the loss. On the contents it will cover two-thirds and on the Kahn store and goods the insurance will meet the loss. It was the largest fire the town ever had.

There is a general opinion that the fire was of incendiary origin.

DESTRUCTION IN DULUTH.

The Board of Trade Building Burned Causing a Loss of \$150,000.

DULUTH, Feb. 12.—The Duluth board of trade building on the corner of Superior street and Third avenue was destroyed by fire yesterday afternoon, causing a total loss of over \$120,000 with insurance aggregating \$80,000. The fire started shortly after noon in Guthrie & Earhart's office and is said to have originated in a desk. When discovered it could easily have been extinguished had any water been available.

In addition to the board of trade the following firms and individuals had offices in the building: Lake Superior Elevator company; Walter Van Brunt; C. H. Graves & Company; Western Union Telegraph company; Union Improvement and Elevator company; Cutler & Gilbert; North American Telegraph company; Van Duzen, Harrington & Company; American Steel Barge company; Rose & Lazier; C. A. and E. D. Field; H. B. Barnhart & Company; Thomas Gibson; Lazalle & Wolvin; Western Transit company; J. N. McKindley & Company; L. T. Sowle & Company; Imperial Mill company; Ames Brooks & Company; O. C. Hartman & Company; A. D. Thomson & Company; Duluth Elevator company; McCarthy Brothers; T. S. Linton & Company; G. H. Cook; Turle & Company; Franklin Paine & Company, and Owen Ferguson.

Hardly anything was saved. Work on a new building for the board of trade will begin at once.

FIREARMS DESTROYED.

The Colt Company at Hartford Suffers a Heavy Loss.

HARTFORD, Feb. 12.—Fire broke out in the Colt Patent Firearms company's shop yesterday afternoon and in two hours destroyed about \$150,000 worth of property. The burned building is a stone and brick structure 50 by 300 feet and three stories high with an immense attic. It was the connecting portion between the east and west armories and was mainly used as a storehouse by the Colt company. The origin of the fire is uncertain.

The attic contained all the Colt company's patterns in English and Circassian walnut of Gatling guns and all the arms made by the factory. These burned fiercely, making a magnificent spectacle. The work of the firemen was confined to the western part of the structure, which was saved. The chief losers are the Phoenix and Aetna of Hartford and the National and Connecticut companies of this city.

The works employ about 500 men. The government Gatling gun contracts will not be impeded.

The whole shop was burned Feb. 5, 1864, loss \$1,500,000, not long after Colonel Colt's death, a singular coincidence with the present fire, after "Colt's" Colt's death, a few weeks ago.

Heavy Loss in Tobacco.

HENDERSON, Ky., Feb. 12.—Henderson was visited by the most disastrous conflagration that has ever occurred in the history of the place, starting with John H. Barrett & Company's large tobacco stemery at the corner of Main and Fifth streets. The fire was wafted by a strong wind to the factory of B. H. Soaper on the opposite corner. Both these buildings, containing about 1,000,000 pounds of tobacco, together with four brick

dwellings, were quickly destroyed. The total loss was something over \$150,000, three-fourths of which was covered by insurance. The fire was of incendiary origin.

Eight Firemen Killed.

PARIS, Feb. 12.—A fire occurred yesterday in the Rue de Reuilly. While the firemen and workmen were engaged in the basement of the burning building a carboy of sulphur of carbon exploded. The flames completely enveloped the party. Eight firemen were killed and 17 workmen severely burned.

Packhouse Burned.

SAN FRANCISCO, Feb. 12.—A. Shilling & Company, tea importers, sustained a loss estimated at \$25,000 early Sunday morning by the burning of their packing-house on Jessie street.

BELIEVED TO BE ANARCHISTS.

The People Who Place Warnings on New York Mansions.

NEW YORK, Feb. 12.—The Vanderbilt mansion and the residences of Chauncey M. Depew and Mrs. Drayton were placarded some time Thursday night by cranks. The cards which were pasted just beneath the electric button have the following in Latin:

FRATRES—Reminisce exemplum Vaillant gloriosum. More diveti! Hic est homo ad judicatus. Omnibus mone.

IMPERIO COMMUNIS POPULI.

The following translation of the above indicates that the "crank" who fixed the missives is in a dangerous frame of mind and ought to be caged without unnecessary delay:

BROTHERS—Remember the glorious example of Vaillant. Death to the rich man! This is a marked man. Warn all. BY THE WILL OF THE COMMON PEOPLE.

Under each placard there were pictures of a bomb with a sputtering fuse, the letters "I. C. P.," the whole being surrounded by a cross.

From the wording of the warnings they would seem to be the work of organized cranks, but the police scout the idea. They attribute the placards to a single anarchistic crank, whose purpose is simply to annoy.

So far as can be learned, no alarm is felt in the Vanderbilt, Astor or Depew families, where the police theory is accepted as correct.

Double Tragedy.

BIRMINGHAM, Ala., Feb. 12.—News has reached here of a bloody double tragedy at Johns, 20 miles away. Dennis Clements and Will Barge were in love with the same young lady. They met at her home and a quarrel resulted. Barge finally drew a pistol and shot and killed Clements in the presence of the horrified young woman who appealed piteously for him not to shoot. Barge drew a pistol and later on Deputy Sheriff Chat Holman attempted to arrest him. Barge drew a pistol and said: "I am fixed for you and you can't arrest me." Barge pulled the trigger of his gun, but it did not fire. Holman quickly raised a shotgun and blew Barge's head off.

Prominent Politician Dead.

BALTIMORE, Feb. 12.—Ex-Attorney General Charles J. Gwynn of Maryland died of pneumonia at his residence in this city yesterday. He was widely known in Democratic national politics, being a delegate-at-large to nearly all the conventions held since the war and a prominent member of platform committees, notably of the one which framed the platform on which Tilden and Hendricks were nominated in 1876, which platform was mainly the work of his hands. He was counsel for the Baltimore and Ohio Railroad company and Western Union Telegraph company.

Telegraph Line to Chili.

CITY OF MEXICO, Feb. 12.—A syndicate of Mexican and American capitalists have been organized for the purpose of constructing a Pan-American telegraph line to extend along the Pacific coast from Victoria, B. C., to Santiago, Chili, passing through the United States, Mexico, the Central American states and the Pacific coast of South America. The promoters of the enterprise have applied to the Mexican government for a concession for the proposed line through this country and it will probably be granted.

Iron Furnace Starting Up.

CLARKSVILLE, Tenn., Feb. 12.—For the first time in many years the Bear Spring iron furnace will this week be put in operation. Employment is to be given to 300 men and 100 tons of pig will be the daily output. This furnace, which has been remodelled with all modern improvements, is situated down Cumberland river about 30 miles below this city in Stewart county.

Three Negroes Drowned.

HENDERSON, Ky., Feb. 12.—Three venturesome negroes, Jacob and Robert Wilgus and Reuben Conna, were drowned in the Ohio river yesterday at a point between Uniontown and Shawneetown in an endeavor to cross in a skiff during the high wind. They are said to have been under the influence of whisky.

Prominent Druggist Dead.

CINCINNATI, Feb. 12.—John G. Fratz, one of the most prominent druggists of this city, died yesterday at his home at the corner of Kenyon avenue and Baymiller street. Bright's disease was the immediate cause of his death.

No News From the Kearsarge.

WASHINGTON, Feb. 12.—No news has yet been received at the navy department concerning the return of the City of Para with the shipwrecked crew from the Kearsarge.

Sam Jones' Influence.

NASHVILLE, Feb. 12.—Rev. Sam Jones closed his series of meeting at the tabernacle in this city last night and appealed for subscriptions to help pay the debt on the building. In a short time \$10,000 was subscribed.

RUMPUS IN HAWAII.

Ex-Queen Liliuokalani Becoming Very Unpopular.

SHE IS LOSING HER PRESTIGE.

Entirely Too Radical to Suit the Views of the Majority of the Royalists—President Dole Demands an Apology From Former Diplomats—Other Events Happening on the Islands.

SAN FRANCISCO, Feb. 12.—The steamer Australia arrived here Saturday evening, bringing the following advices from Honolulu under date of Feb. 8:

A violent sensation was produced in Honolulu among both parties by the disclosure of the queen's attitude, made in Minister Willis's dispatch No. 3, which was received by late mails. The announcement of her desire to "behead" the leaders of the uprising against her was a severe shock to both parties. A similar feeling was produced by her insisting on Dec. 16, on deporting the children of her enemies. The royalists are loud in expressing condemnation of such extreme views, and strong regrets and disappointments that she should thus have responded to President Cleveland's request for clemency.

Thinking men of both parties seem to be agreed that the extreme views officially expressed by the queen to Mr. Willis do not at all reflect the sentiments of either her native or foreign adherents.

It is quite certain that the publication has made her extremely unpopular among her own party. The pure Hawaiians especially have a strong dislike of sanguinary proceedings, and are deeply displeased with the queen for insisting on such a thing. In an interview with a very intelligent royalist, he said that the queen had put her restoration out of the question. He believed that a compromise might be entertained for Kailuani.

Theophilus Davies, the guardian of Princess Kailuani, is pointing out that the only safe course is to get back under the constitution of 1887. Nowhere else can the ground of stability be found. That, of course, is a return to the monarchy and means Kaulani. Davies gives up the queen. He shudders at her words about beheading, but insists that it is no worse than the treachery of giving away the country without the consent of the natives.

Among the queer situations brought about by the attempt to restore the queen is that of M. Verleys, now in Honolulu, who arrived there last week with credentials as French commissioner and consul general, which are addressed, not to the existing government, but to Queen Liliuokalani. He had been waiting for a long time in Paris on salary for the government to change, and left for Honolulu at once on receipt by the French foreign office of an official telegram from Washington announcing that the queen had been restored. M. Verleys has now to wait for credentials to the provisional government.

Dole Demands an Apology.

In reply to President Dole's demand for an apology from foreign diplomats, the Japanese consul, Mr. Fuji, expressed his regrets for not attending the provisional government's celebration of Jan. 17. The French and Portuguese commissioners also sent regrets, basing their action on the anomalous condition of affairs here. British Minister Woodhouse simply expressed regrets for not accepting the invitation.

Dissensions Between Rival Factions.

There are indications that serious dissensions may occur between the American league and Annexation club, rival factions of the American party. The American league has adopted resolutions affirming allegiance to the provisional government to the end that the islands may be annexed to the United States. The resolutions suggest if annexation is hopeless that a protectorate would be acceptable.

An Editor Assaulted.

Paul Neuman, the ex-queen's legal adviser, a few days ago attacked and beat H. N. Castle, editor of The Advertiser, with a cane. The attack was caused by The Advertiser's caustic comments on Neuman and his methods.

Minister Damon's Views.

Minister Damon in an interview said: "I am somewhat radical, and favor having the voice of the people fully felt in the government. But I do not want to bring any change until we are sure in what relation the United States will be prepared to stand with us."

PECKHAM'S NOMINATION.

Nothing Definite Known as to Whether It Will Be Confirmed or Not.

WASHINGTON, Feb. 12.—Nothing seems so much in doubt as the action of the senate judiciary committee on the nomination of Wheeler H. Peckham for associate justice of the supreme court. It is expected that the committee will decide early in the week. The committee's decision is likely to be the decision of the senate. This is especially true if the committee should decide in favor of Peckham.

Senator Hill alone has been confident from the first that Peckham would not be confirmed and is now just as confident. Friends of the administration seem confident and say that there would not be the least doubt if they knew the attitude of two men on the committee. It is supposed that these men are Senators Hoar and Platt.

A Proposal.

Chollie—Don't you think it would be a noble thing for you to do with your wealth to establish a home for the feeble minded?

Miss Rox—Oh, Mr. Sappe, this is so sudden—Indianapolis Journal.

INSURGENTS DEFEATED.

Several More Battles Have Taken Place in Brazil.

BUENOS AYRES, Feb. 12.—Dispatches received here from an official source at Rio Janeiro say that the government forces at Nictheroy have repulsed the insurgents and captured many prisoners, among whom are several naval officers. In Rio Grande do Sul the insurgents have captured Basso Fundo, Alegrete, Monosay, Cruz Alta and Sollad.

Rebel Traitors Deposed.

MONTEVIDEO, Feb. 12.—The commanders of the Brazilian rebel war vessels, Tiradentes, Santos and Bahia, suspected of disloyalty, have been deprived of their commands and others have been appointed in their places.

The New York Herald's Account.

NEW YORK, Feb. 12.—The Herald special dispatch from Montevideo says: A correspondent in Rio Janeiro sends word that the fighting at Nictheroy, when the rebels landed troops at Areia Point on Feb. 9, was very fierce. It could hardly be decided which force came out victorious. Many were killed and many others wounded on both sides, and the government troops, commanded by General Argolla, made a valiant defence.

Confirmation of the news of the landing of the rebels at Nictheroy reached here yesterday in an official cable dispatch from Rio Janeiro. The insurgent fleet attacked Armacao at 8 o'clock in the evening and continued the fight until daybreak. The insurgents landed troops and destroyed the beach and hill-top forts of the government.

With six heavy guns and two magazine guns they swept the streets of Nictheroy, but were finally forced to retreat before the superior numbers of the government forces. The government admits a loss of 200. The correspondent in Nictheroy says that 500 is nearer the true loss.

The insurgents succeeded beyond all hopes, having destroyed the government position most menacing to the fleet and having lost but 270 men in all.

SWIFT RETRIBUTION.

It is Meted Out by a Mob Upon a Negro Ravisher.

JELICO, Tenn., Feb. 12.—Henry McCreg, a negro, assaulted Mrs. Taylor, wife of Silas Taylor, Saturday morning, near Buckeye, and brutally beat her, leaving her more dead than alive. Hundreds of men searched the country all day long, but without success.

The negro was captured at Oswego yesterday morning by the officers, who started with him on the train for Jackson jail. At Buckeye, they were met by a mob and overpowered, the prisoner taken from them. The officers finally induced the mob to give McCreg a trial before a justice of the peace. There were two justices in the crowd, and after going through the form of a trial, the prisoner was pronounced guilty and ordered to jail without bail.

Before the mittimus could be written four masked men came out of Taylor's house, where the negro had been taken for identification by Mrs. Taylor, and seized the prisoner and rushed him up the ravine. The mob kept the officers back until the four masked men had disappeared with the negro. Several shots were soon heard, and in a short time the crowd was permitted to explore the thicket into which McCreg had been taken. They soon came upon his lifeless body hanging from a tree.

The trial closed at 15 minutes to 5 in the evening and before 5 o'clock the brute was dangling from a tree within 75 yards of the place where the deed was committed.

SCHOONER LOST.

All on Board Have Perished and a Carrier Pigeon Tells the Tale.

GLOUCESTER, Mass., Feb. 12.—The first intelligence of the fate of the schooner Robert J. Edwards and crew, which was given up last Monday, was brought in yesterday by Captain Crittenden of the schooner Mabel Leighton. Captain Crittenden states that while fishing on the banks on Jan. 21, in latitude 42:30, longitude 65:05, 50 miles from Cape Sable, a carrier pigeon completely exhausted alighted on the davy plank. On securing the pigeon the sailors found a tin tag with No. 119 tied to one leg and on the other a dispatch, addressed to H. W. Johnson, rolled up and tied by a thread, which read:

SABLE ISLAND, Jan. 12.

Schooner Robert J. Edwards and all hands lost Jan. 12 during southeast hurricane.

H. W. HILLARD.

The dispatch also stated that Pigeon No. 113 had been liberated at the same time. It was probably intended that both should fly to Halifax. Crittenden kept the bird aboard 15 hours and then liberated him, but he was too weak to fly and fell into the water and was drowned.

SETTLED AT LAST.

The Ohio Miners Decide to Return to Work at a Reduction.

COLUMBUS, Feb. 12.—The long-continued agony in the Ohio coal industry is over. The state convention of the Ohio district, United Mine Workers of America, Saturday evening decided to authorize the local organizations throughout the state to accept a reduction in wages sufficient to place the Ohio mines in a position for successful competition with the Pennsylvania fields.

The reduction will be about 20 cents a ton, but will vary slightly according to the location and character of the mines. The result means much to the business interest of every large city in the state, where the stagnation of commerce throughout the mining districts has been felt in every channel.

A CLEAR CALENDAR.

The Senate Will Try and Have One in the Near Future.

PREPARING FOR TARIFF DEBATE

When the Wilson Bill Is Reported to the Senate It Is Expected to Exclude the Consideration of All Other Subjects. The Bland Seigniorage Bill Will Pass the House.

WASHINGTON, Feb. 12.—There will be an effort on the part of the senate during the present week to clear up the calendar, as far as possible, prior to taking up the tariff bill which, when it is reported to the senate, is expected to exclude the consideration of most other subjects. The speech-making during the week is to be devoted to a variety of topics, including the Stewart bond resolution, the Turpie Hawaiian resolution and probably the resolution of Senator Hale, instructing the committee on finance to grant hearings on the tariff bill.

The speeches on the Stewart resolution will be made during the morning hour and the Hawaiian speeches later in the day. Senators Gray and Daniel have given notice of speeches on the Hawaiian resolution, and Senator White of California is among others who probably will address the senate later in the week on this topic.

The bill to compel the railroad companies operating roads in the territories over rights of way granted by the government to establish stations at all town sites, established by the interior department, is the unfinished business on the calendar and when it is disposed of, the bill to provide for the additional accommodations for the government printing office will be taken up and acted on as soon as practicable.

There will also be a general effort on the part of senators to have private bills or bills of minor general importance taken from the calendar and passed.

It is believed that the committee on the judiciary will dispose of the Peckham nomination early in the week, and, if so, in all probability there will be at least one day during the week devoted to executive session for the purpose of passing upon this nomination.

Program of the House.

WASHINGTON, Feb. 12.—It is expected that the consideration of the Bland seigniorage bill will be completed in the house on Wednesday. Today is District of Columbia day, but by special order the time after 3 o'clock has been set aside for paying tribute to the memory of the late Senator Stanford and a fight will probably be made for the three hours previous by Mr. Bland. When the Bland bill reaches a vote the general expectation is that it will pass after having been modified in certain particulars to meet the objections of Secretary Carlisle to give him some latitude and discretion in the issue of treasury notes against the seigniorage and in the coinage of the bullion.

On Thursday the O'Neill-Joy contested election case will come up, and, by agreement, six hours will be devoted to the debate thereon. O'Neill will probably be seated by almost a strict party vote. The remainder of the week will be devoted to the fortification appropriation bill.

G. A. R. AND SONS OF VETERANS.

Will the Latter Organization Be Admitted to the Former?

PITTSBURG, Feb. 12.—Among the questions that will be settled at the next national encampment of the Grand Army is the proposition to admit the Sons of Veterans to the organization. The subject has not yet been considered by the Grand Army as a whole, but has been brought before several of the state encampments.

In the department of Pennsylvania, a committee was appointed to prepare a report for the state encampment at Philadelphia to be held March 1 and 2. While many Grand Army men favor the idea of having the Sons of Veterans in the order, there is also considerable opposition.

On Trial for Murder.

WATERLOO, Ind., Feb. 11.—Sam Deeters is being tried at Angola for the most heinous murder ever committed in Steuben county. On Aug. 31 last, Deeters shot and killed his neighbor, Amos Bachtel, and the latter's daughter, Mrs. Laura Lowe. He then wounded William Yates and attempted to kill his own mother by locking her in a barn and firing the building. His mother escaped and Deeters was arrested. He lived five miles from Waterloo, but the case was taken to Steuben county on a change of venue.

Operation on an Old War Wound.

WASHINGTON, Feb. 12.—Colonel David B. Henderson of Iowa who lost one leg at the knee during the war, was compelled to undergo an operation on the wounded member yesterday. He stood it well and is rapidly recovering from its effects. An abscess that had formed was successfully removed and it will probably not be many days before Colonel Henderson resumes his seat in congress.

Dropped Dead in a Hotel.

DENVER, Colo., Feb. 12.—W. W. Cooley, a prominent lawyer of Aspen, Colo., dropped dead at the Hotel Albany in this city yesterday. Heart disease was the cause. Mr. Cooley was 38 years old. He was one of the original organizers of the firm of Mollie Gibson Mining company.

Julius Simon Eighty.

PARIS, Feb. 12.—Forty foreign correspondents tendered a banquet to M. Jules Simon, the noted French statesman, on the occasion of his 80th birthday.

Rain or snow; warmer in eastern portion; high east to south winds; conditions favorable for severe local storms.

THE Jackson (Mich.) Patriot calls the attention of farmers to the fact that the United States has a higher tariff on wool than any other country, and that in no other country in the world does wool bring so little money to the grower. While the farmer smokes his pipe and toasts his feet before his winter fire he has the opportunity to turn over in his mind how much he has been benefited by the wool tariffs.

THE question as to the constitutionality of the new medical practice act will probably be settled at an early day. At Louisville last Friday Dr. E. A. Welsh was fined \$50 for violating the law, and will now take the case to the Court of Appeals. A few years ago Dr. Welsh secured permission to practice in this State by submitting to the State Board of Health his diploma from a Maryland medical college in accordance with the law as it then was. The new law under which he was prosecuted requires that a certificate to practice must be secured from the State Board of Health. His application for this was refused. He appealed to the Governor, who sustained the action of the board. He did not quit practicing, however, and a warrant was taken out charging him with illegally practicing medicine. The points relied upon by the defense were as follows:

The act is not retroactive; if so it is in conflict with the provisions of the fourteenth amendment of the Federal Constitution as depriving a person of property without due process of law; the act in conferring both legislative and judicial powers on an executive board is in conflict with the State Constitution; the act is unconstitutional as being in conflict with the Kentucky Bill of Rights.

A PREACHER'S VIEWS OF THE TARIFF QUESTION.

Rev. Albert Walkley discusses the tariff question in a recent issue of the American Journal of Politics, and the Republicans can't find any comfort in his words. His article deserves careful consideration. He says:

The question of free trade vs. protection is a moral one. Is protection right? Is it in harmony with religion? One of the fundamental truths of religion is that our world is one world. The other side of this truth is that our race is one race. Religion's living truth is that the salvation of the one depends upon the whole. All this is directly contradicted by the protectionists. They teach that the interests of nations are irreconcilably opposed. The state for nations to live in is for each everlastingly to attempt to tower the productive powers of all others. Shun the free intercourse of man with man as a dangerous thing. Men who plead for free trade are branded as traitors. If there is truth in religion, there is none in protection. There is a still greater word than freedom; it is sacrifice. The whole purpose of protection is to maintain a false notion of self-preservation. The appeal is made to the baser and more selfish elements, the very side of our nature which religion seeks to crush. What fellowship hath religion with protection? None. Better fed, better housed, stronger in muscle and mind the American fears the ill-fed men of Europe. Not one ray of courage or hope lights a single argument for protection. Religion teaches us to love our neighbors; protection cries that the very fathers left in Europe are pat per enemies to their sons in this country. It be seems these sons to injure those left behind, to close their factories and add them to the pauper class. We are blind to the law of reaction by which we ourselves become poorer. We make the world's producing power less, and so make less for distribution. Religion and protection are in irreconcilable opposition."

The Modern Mother.

Has found that her little ones are improved more by the pleasant laxative, Syrup of Figs, when in need of the laxative effect of a gentle remedy, than by any other, and that it is more acceptable to them. Children enjoy it and it benefits them. The true remedy, Syrup of Figs, is manufactured by the California Fig Syrup Co. only.

THE VANDERBILTS.

They Now Control the Chesapeake and Ohio, the Big Four and the Steamship Line.

Cincinnati Enquirer: "The Vanderbilts are still buying C. and O. and Big Four stocks. This certainly proves conclusively that the great family has the most sanguine expectations of the future prosperity of these two Cincinnati roads. In the past few days they bought in large blocks of the stocks at a good market rate. Just what price they paid or how many shares were transferred is not known, but it is a matter now of general information that they have expended much more money in these properties. They also placed more capital in the steamship line operating between Newport News and Liverpool, and they control that vastly remunerative enterprise."

"The Vanderbilts now absolutely control the Big Four, Chesapeake and Ohio and the steamship line. The steamship company owns several valuable steamers plying between the above described points. While the project is but a few months old the line has done well, and its success seems assured. There is no question about the development of the C. and O. It has already surpassed the most sanguine expectations of the holders of the stock and bonds. The Big Four, also, is bound to come out. Its equipment was never as it is to-day, and its physical condition is the acme of perfection."

The Hartford Fire Insurance Company.

The annual reports for 1893 now being submitted to the Auditor of State by the fire insurance companies, as required by law, show some astonishing figures. Probably but few of our readers realize the magnitude of the business of fire insurance companies in this country. The report of a single company in the agency of Wilkerson & Fisher, the Hartford, shows for last year, receipts, \$4,376,000; disbursements, \$3,882,000, which is more than \$12,500 every working day in the year. There are several hundred fire insurance companies in the United States. Of course, the business of the old company named is not to be taken as an average, but there are others doing as much business as the Hartford; no doubt many others whose transactions exceed \$1,000,000 a year, and they all have some patronage. What an enormous sum of money all these companies together must distribute for losses every year, and what a fearful waste of values by fire it represents? Lloyd & Chamberlain agents, 210 Court street.

Cheap Trotters.

Eighty head of trotters were sold Saturday at Sherman Stock Farm, near Lexington, by the Sheriff of Fayette County, and Kentuckians witnessed the unprecedented sight of trotters with records selling for less than \$5. A weanling filly by Sherman's Hambletonian went for \$1; Martha Washington (race record 2:20) by Blucher, sold for \$2; Dolly Davis (2:27) a daughter of Almont, went for \$1.25; Village Girl (2:36) went for \$2; Venus sold for the same price; Smuggler Belle, the dam of Thorn Wilkes (2:28) brought \$8; a daughter of Alexander H. Stevens, realized \$4; \$14 was paid for a daughter of Hambletonian 10; \$23 was paid for a five-year-old daughter of Sherman Wilkes, out of Martha Washington (2:20); a two-year-old out of the same mare, by Wilkes Boy, brought \$23.

The sale was to pay debts amounting to \$15,000 owed by Dr. Sherman, but only \$4,500 was realized by the entire sale.

A Flemingsburg Family Poisoned.

A wholesale poisoning accident occurred at Flemingsburg Friday night, from which a mother and six children would have lost their lives had it not been for the prompt use of stomach pumps and antidotes in the hands of skilled physicians.

Mrs. Thornton Taylor received from her son in Cincinnati a box of fine candy, said to have been on exhibition at the World's Fair, and her six children freely ate of it. She also ate a small quantity of it.

All were immediately seized with convulsions, and doctors were summoned who pronounced it poisoning from paris green which had been used in coloring the candy. Prompt action alone saved their lives.

Delinquent Tax Notice.

Notice is hereby given that by order of the City Council of Maysville, all property with taxes unpaid by March 1st, 1894, will be advertised for sale and sold according to law. Twenty-five per cent. will be added to the delinquent taxes if advertised for sale.

Those with taxes unpaid will please take notice from this and pay at once.
D. P. ORT, Chief of Police.

Present Your Orders.

All persons having claims against the Associated Charities will please present them to Mr. John Duley, Treasurer, on or before next Tuesday.

Druggists up in Arms.

The Frankfort correspondent of the Louisville Post says: "Pharmacists Wiley Rogers and Wm. Fowler, of Louisville, are here in the interest of the druggists, whose pecuniary interests are menaced by a bill which last week passed the House. This bill provides that graduates of medical colleges shall be authorized to compound prescriptions on an equality with graduates of pharmaceutical institutes. This measure, it is claimed, and with much apparent reasonableness, will vitally affect the druggists, in that it practically turns their business, so far as compounding prescriptions is concerned, over to the physicians. They claim that it not alone does them this injury, but threatens public health by delivering into unskilled hands and insufficiently trained intelligence a business that is at present and should ever be guarded with the most exacting reasonable restrictions. The Louisville gentlemen exercised their eloquence upon individual members of the Senate committee as to receive personal assurance that a sleeping potion will be promptly administered to the measure."

Only \$1.50 to Cincinnati and Return.

On Wednesday, February 14, the C. and O. will run its second theatrical excursion of the season to Cincinnati. Tickets will be good on all regular trains on this date and returning on special train leaving Cincinnati at 11:30 p. m. Round trip rate from Maysville only \$1.50.

Following is the list of attractions at the leading theatres: Walnut Street, Fanny Davenport, in her great spectacular production, "Cleopatra;" Grand Opera House, the Lilliputian in "A Trip to Mars;" Havlin's Theatre, Duncan B. Harrison in the strong melo-drama, "The Paymaster." First-class legitimate and vaudeville attractions will be at Heuck's, People's and Fountain theatres and Robinson's Opera House. Wednesday being regular matinee day, this will give parties going an opportunity of visiting both afternoon and evening performances. For further particulars, see small bills, or address nearest ticket agent.

Pork Packing.

Cincinnati Price Current: "The marketing of hogs has been moderately reduced the past week, the packing returns indicating a total of 260,000, compared with 290,000 the preceding week, and 190,000 for the corresponding time last year, making a total of 4,075,000 for the West since November 1, against 4,090,000 a year ago. The quality of hogs is generally good. Prices have been reduced, and at the close average about 15 cents per 100 pounds lower than a week ago for the Western markets. The provision markets have been easy, without striking changes in values until the close of the week now ended. The weakness and decline finds little excuse in anything which the trade itself discloses."

Maysville Parties Interested.

A special from Waverly, O., says: "Mr. Gus Emmitt, of Maysville Ky., has been in Waverly negotiating with the Emmitt administrators for the lease of the distillery property. An agreement was drawn up and signed which suited all parties concerned, and sixty days' time was given Mr. Emmitt to complete his arrangements and lease the property."

"A big stock company consisting principally of wholesale liquor men will make up the combine, and \$10,000 will be invested in new and modern machinery. The capacity will be increased from 400 to 1,000 bushels daily, and a market for every gallon of spirits distilled will be arranged for before the distillery starts up."

Enterprising Andersonians.

ANDERSON, IND., February 10.—A \$50,000 bonus, offered by the citizens of Alexandria for the location of the Kitz Implement Company, has been accepted by the company, and the final papers have been signed, securing works that will, when in full operation, furnish employment to 250 hands. The new company will manufacture mowers, rakes and other agricultural implements. The work of erecting the buildings will begin at once. The new Kelly ax factory, which was located several days ago, will be in operation May 15, employing 500 men, which will be increased to 1,000 as soon as possible.

When Baby was sick, we gave her Castoria.
When she was a Child, she cried for Castoria.
When she became Miss, she clung to Castoria.
When she had Children, she gave them Castoria.

The Christian churches at Paris, Cynthiana and Winchester have contributed three car-loads of flour, meal, thominy and other food stuffs for the relief of the poor of Cincinnati.

THE Bellevue correspondent of the Cincinnati Tribune says it is reported that Frank Means, who was recently sent to Anchorage Asylum, attempted to take his life last week by cutting his throat.

Mr. and Mrs. Robert Wayne.

KNOWLEDGE

Brings comfort and improvement and tends to personal enjoyment when rightly used. The many, who live better than others and enjoy life more, with less expenditure, by more promptly adapting the world's best products to the needs of physical being, will attest the value to health of the pure liquid laxative principles embraced in the remedy, Syrup of Figs.

Its excellence is due to its presenting in the form most acceptable and pleasant to the taste, the refreshing and truly beneficial properties of a perfect laxative; effectually cleansing the system, dispelling colds, headaches and fevers and permanently curing constipation. It has given satisfaction to millions and met with the approval of the medical profession, because it acts on the Kidneys, Liver and Bowels without weakening them and it is perfectly free from every objectionable substance.

Syrup of Figs is for sale by all druggists in 50c and \$1 bottles, but it is manufactured by the California Fig Syrup Co. only, whose name is printed on every package, also the name, Syrup of Figs, and being well informed, you will not accept any substitute if offered.

The Old Friend

And the best friend that never fails you is Simmons' Liver Regulator, (the Red Z)—that's what you hear at the mention of this excellent Liver medicine, and people should not be persuaded that anything else will do.

It is the King of Liver Medicines; is better than pills, and takes the place of Quinine and Calomel. It acts directly on the Liver, Kidney and Bowels and gives new life to the whole system. This is the medicine you want. Sold by all Druggists in Liquid, or in Powder to be taken dry or made into a tea.

Has the Z stamp in red on wrapper

THE LAW-MAKERS.

Second Class Cities Have a New Charter—The Warring Factions Brought to Terms.

The second class cities in Kentucky were the only ones not provided with a new charter by the last Legislature. This was brought about by the scheming factions in the various cities trying to get the best of each other. Each faction wanted a charter that would be especially favorable to its interests, and the other faction and the people could take care of themselves. The result was that no charter was agreed upon. The same tactics were resorted to at the present session. A charter was reported last week, and was immediately recommended, with the prospect that the session would leave the cities as they were before, or without any charter at all. At this stage of the game, Hon. Rolla Hart, of Fleming, stepped into the fight. He thought there had been enough foolishness, and he proposed bringing the Representatives of the three cities to their senses. He accordingly introduced a resolution directing the committee to report Saturday at 11 o'clock, and making the matter a special order for that hour. This was adopted.

When that hour arrived the Representatives of the three cities stated they had agreed on a substitute for the original charter and hoped there would be no opposition to its passage. It passed unanimously.

The following are the salient features of the charter as passed. The cities are divided into six wards, with two Councilmen to each ward. The Board of Aldermen consists of four members elected from the city at large. It is left optional with each city whether it shall have a Board of Public Works or a Superintendent of Public Works.

The city officers shall be Mayor, City Judge, Assessor, Engineer, Jailor, Treasurer and Clerk, to be elected by the people, and an Auditor, to be appointed by the Mayor with the approval of the Board of Aldermen. The offices of City Solicitor and City Attorney are to be provided for by ordinance.

The cities pay for one half of the first construction of streets and pay interest on bonds for the reconstruction.

A bill has passed both Houses, to return \$1,008.15 to ladies of Kentucky who, in the interest of Kentucky Columbian Club advanced that amount to furnish the "Kentucky Parlor" at the World's Fair.

Mr. Matthews introduced a bill which provides that a person summoned as grand or petit juror shall be paid \$2 a day for the time lost, whether he be accepted as a juror or not. A juror failing to attend when summoned is to be fined \$10.

Mr. James introduced a bill to relieve the crowded condition of the lunatic asylums by transferring all of the children of such asylums to the Feeble-minded Institute.

Mr. Hobbs introduced an amendatory bill to give cities of the sixth class the benefit of fines in their city courts for violation of the penal laws.

A bill is pending, says an exchange, to create a county board of education, composed of the County Judge, Superintendent of schools and the two examiners, whose duty it will be to employ teachers in all the districts. There is to be only one trustee to the district and the fee for examination of teachers is to be increased from \$1 to \$2.

An Excellent Bond.

Mention was made some days ago that Postmaster Chenoweth had executed his bond and forwarded it to Washington City. They qualified in the sum of \$100,000, but are easily worth over \$500,000. His sureties are Messrs. J. D. Peed, Omar Dodson, D. C. Frazee, Joseph H. Dodson, John N. Thomas and O. B. Pearce, Jr.

Major Chenoweth is expecting his commission in a day or so, and will take charge of the office as soon as it is received.

The Major is in receipt of a letter from Congressman Paynter stating that his bond had been accepted, and that his commission was sent to the President Saturday for the latter's signature.

SUBSCRIBE NOW for stock in tenth series of Limestone Building Association. Call on any of the officers.

Don't fail to see the beautiful silver, gold-lined tea set in Ballenger's window. It is the very finest quality, and marked down to the low price of \$25 for entire set, and will be marked down \$1 every day it remains in the window, till sold.

COUNTY CLERK FRIEL, of Boyd County, was awarded a judgment for \$1,650 last week against the C. and O. Friel was badly injured some time ago by tumble down an embankment alongside the track at Sandy City. He sued for heavy damages, claiming the railroad people had not put him off at the right place. The judgment was a little steeper than had generally been expected, and the case will be appealed.

SHINE ALL, 5 cents—Calhoun's.

TOBACCO in barns insured by Duley & Baldwin, agents, Court street.

TICKETS, 10, 20 and 30 cents at Washington Opera House all this week.

FIRE, cyclone and tobacco in barns, insured in reliable companies by D. M. Runyon.

BORN, last night to the wife of Mr. Robert Seaman, a son. Mother and babe doing nicely.

ROBERT BUCKLER and J. J. Osborne are candidates for County Attorney, of Robertson County.

THE Peach Orchard Coal Company was incorporated Friday at Covington, with a capital stock of \$350,000.

MESSRS. CRAWFORD & CADY, the new grocers, have the thanks of the BULLETIN for some fresh strawberries.

TO-NIGHT Mr. and Mrs. Robert Wayne open their engagement at Washington Opera House in "Forgiven."

BASIL WILLIAMSON, oldest brother of Rev. Mr. Williamson of Aberdeen, died a few days ago at Waverly, Va.

THE best tooth powder is Chenoweth's Dentine. It preserves as well as cleanses and beautifies the teeth. Try it.

A REVIVAL in the Columbia Congregational Church of Cincinnati has resulted in over one hundred confessions.

FIFTY-FOUR applicants for positions as letter-carriers and clerks in the U. S. postal service were examined at Covington Saturday.

A GREAT company headed by the popular stars, Mr. and Mrs. Robert Wayne, at Washington Opera House all this week; "Forgiven" to-night.

MISS ELIZABETH BRYANT JOHNSTONE will give a dialect reading at the Lewisburg Baptist Church to-night. Proceeds for the benefit of the parsonage.

VALENTINES bought of J. T. Kackley & Co. bring love's greetings. See them. Your sweetheart is expecting you to remember her, and vice versa.

THE sports of Huntington, W. Va., witnessed another fight last Saturday between a bulldog and a wildcat. The dog killed the cat in five minutes.

FRANCIS LEON CHRISMAN, husband of Marie Decca, is a contributor now to the literary columns of the Cincinnati Tribune. He is located at Washington City.

BEFORE buying silver spoons or forks don't fail to call and see P. J. Murphy's the jeweler's stock. Prices fully 15 per cent less than any other house. Successor to Hopper & Murphy.

DR. PATRICK MOLLOY, formerly of Germantown precinct, was nominated last Thursday for Coroner by the Democrats of Fayette County. He is a splendid fellow and his friends down this way will be glad to learn of his success.

AT Aberdeen Friday the funeral of Mrs. Mary Jones and that of her granddaughter, Mrs. Sidney Herbert, occurred within a few hours of each other. They passed away Thursday, Mrs. Herbert at Cincinnati and Mrs. Jones at Aberdeen.

A DAUGHTER of Mr. and Mrs. E. L. Kineman, who went to the Fifth ward landing Sunday afternoon to witness the baptizing, mentioned elsewhere, accidentally fell into the water. She was promptly rescued by some of the bystanders.

HON. L. J. CRAWFORD, of Newport, President of the State League of Republican Clubs, will fix the time and place for holding the convention to select delegates to the approaching national convention at Denver. The State convention will be held either at Lexington or Frankfort.

MRS. DR. PANGBURN received a telegram from Chicago Sunday afternoon stating that her father, Mr. C. H. Keep, was very low, with no hopes of recovery. She left on the early train this morning. Mr. Keep is seventy-five years of age, and is suffering from the effects of a severe attack of the grip. He spent several weeks with his daughter last fall, and made many friends while here who will regret to learn the news of his critical illness.

MR. LANG ANDERSON, who is down in Florida on a visit, sent Deputy Collector Robert L. Baldwin a box containing several chameleons last week. Bob took a peep at them, thought they were snakes and concluded some of his friends were playing a joke on him. The box was turned over to a boy, who released the "critters." They were afterwards recaptured on receipt of a letter from Anderson explaining things. Some of them were in Hopper & Co.'s show window Saturday.

FIRE INSURANCE AGENTS.

The Local Board Dissolved Last Saturday—Causes of the Present Trouble.

The local Board of Fire Insurance Agents is now no longer in existence. It was dissolved last Saturday afternoon.

In August 1, 1893, Special Agent C. B. Bullock, of Lexington, came to Maysville, and notified the Board that he had been sent here by the various companies to re-rate the city.

When the work was completed, Mr. Bullock had the Board called together and asked that the new rates be adopted. The Board refused to do this, as an examination showed that the rates had been increased in nearly every instance.

In October or November a number of special agents, arrived and tried to induce the Board to adopt the Bullock rates. Finally, the rates were adopted on condition that all non-board agents be required to write at new rates. The specials agreed to look after the non-board agents.

In December, Local Board Commission No. 1, of Cincinnati, which has charge of rates in Kentucky and Tennessee, notified the Maysville Board that the Bullock rates must be adopted, unconditionally. The agents sent back a remonstrance, stating that the promise of the special agents had not been carried out, and adding that the enforcement of the new rates would be unjust, and certain to result in serious loss of business to all board companies.

Since then the agents of some of the largest companies tried to renew some policies under the old rates, but the companies refused to take the business unless written at the Bullock rates.

The crisis was reached Saturday. At a meeting of the Board, a motion to adopt the new rates was voted down, and a motion was then made to dissolve the board. This was adopted, and the agents will now fix their own rates. If the companies don't like it they won't have to take the business. The Board has been in existence about ten years. The special agents will probably be here in a few days to try to reorganize the Board.

PERSONAL.

Mr. Tom Garrigan, Traveling Passenger Agent of O. and M. Railroad, is in town.

Mrs. Dr. Skinner, of Flemingsburg, is the guest of Mr. and Mrs. R. M. Skinner.

Miss Hattie Naden is visiting friends and relatives at Cincinnati and Covington.

Mrs. Hugh Warder, of Mayslick, is visiting Mrs. A. Finch and other relatives in this city.

Mr. J. L. Holloway, of Gallipolis, O., returned home Saturday, after a visit to Mr. Waldo W. Hamilton.

GEO. W. SULSER, law, fire insurance.

SEVERAL colored converts were baptized at the Fifth ward landing Sunday afternoon.

EX-PRIEST McNAMARA was released Friday at Kansas City on \$2,500 bond. The cases against him were set for trial February 26th.

A REVIVAL at McKendree M. E. Church, Cincinnati, has resulted in 185 additions to the membership. It is conducted by Miss Cartwright, the evangelist.

REV. SAM SMALL has started a Democratic paper at Guthrie, Oklahoma. It had to be issued Saturday under police protection on account of a war between the managers and publishers.

MR. L. HILL bought Mr. N. Sapp's grocery store on Market street this morning, and will take charge of it to-morrow. He is one of the most enterprising of merchants, and his friends will be glad to know he is to re-engage in business in this city.

THE Washington correspondents now say that Major Matt Adams will be the next Pension Agent for Kentucky. They say Senator Lindsay, who is backing him, has positive assurances from the President that the contest has been finally settled in his favor.

DON'T forget the theatrical excursion over the Chesapeake and Ohio to Cincinnati next Wednesday. The principal theatrical attractions will be Fannie Davenport, in her great play "Cleopatra," at the Walnut and the famous company of "Lilliputians" at the Grand Opera House.

LADIES are entitled to complimentary tickets to-night, the opening performance of Mr. and Mrs. Robert Wayne at opera house. Complimentaries good when accompanied by one paid reserved seat ticket. If you failed to receive a ticket from the agent you can be supplied by calling at Nelson's.

BLIZZARD BLASTS.

Heavy Snowstorms Raging Throughout the Entire Northwest.

KANSAS CITY, Feb. 12.—The great New York blizzard was almost outdone in the west yesterday. It began snowing in this city about noon and has continued ever since, the snow coming down so thick it looks like a fog. All streetcar lines in the city were compelled to suspend operations about 4 o'clock, the plows being unable to keep the tracks sufficiently clear to permit the cars to run, and a long line of grips and coaches are stretched along the various lines in different parts of the city. Only those who have to be out are in the streets, as it is almost an impossibility for pedestrians to go about.

Incoming trains from the west on all roads are reported to be from 10 to 12 hours late, and some of them have been "lost" altogether.

Signal Officer Connor last night stated that the day's blizzard was the worst experienced in this part of the country since the establishment of the signal office in this city.

Incoming trains from all directions are very late and some of them will not come in until a late hour.

Dispatches from Kansas indicate that the storm is general. At Emporia the snowfall is reported as two feet, while advices from other points report from one foot to 18 inches.

Dispatches from Oklahoma and the Indian Territory indicate that suffering among the settlers will be very severe as the snow is accompanied by very cold winds and at some points the thermometer is several degrees below zero. The loss of lives, it is expected, will also be very great.

In the Upper Missouri Country.

OMAHA, Feb. 12.—Since 3 o'clock Sunday morning a storm has raged generally in the upper Missouri country, covering the entire territory between the river and the mountains. The wind is from the north, blowing almost a gale, accompanied by fine snow which is drifted badly and packed hard.

In this city the streets have been kept open and cars moving, but the movement of railroad trains has been greatly hampered.

All trains on the Elkhorn, Missouri Pacific, Union Pacific and Burlington in Nebraska are from two to four hours late. All outgoing trains are abandoned. Reports received from points in the west say the snowfall is increasing and is drifting badly, so that a general blockade is immediate. The mercury is still a few degrees above zero, but is falling slowly and undoubtedly will soon be below.

This will entail great suffering and probably extensive loss among cattle ranges. The wet snow of Friday covered all forage out of sight, and this latter fall will make it impossible for the cattle to obtain any food. The blizzard will also have a deterrent effect upon any probable Indian uprising, as the snow is too deep and the weather too cold for such a demons' ration.

Suffering in the Cherokee Strip.

HENNESSY, O. T., Feb. 12.—A terrible norther, never before experienced in this country, reached here yesterday. It has been snowing for the past 20 hours with no abatement. Over a foot of snow has fallen on the level and it has drifted in places six feet deep. Railroad traffic is entirely suspended. The blizzard came up very suddenly and no doubt the poorly sheltered settlers in the Cherokee strip will suffer greatly from exposure. The thermometer stands 2 degrees below zero and the wind is blowing 60 miles an hour.

Extends Clear to Texas.

PARSONS, Kan., Feb. 12.—The worst storm that has prevailed in southeastern Kansas since the memorable storm of 1885, set in here at 1 o'clock Sunday morning and has continued ever since, covering the ground to the depth of 18 inches.

Advices received at headquarters of the Missouri, Kansas and Texas railroad are to the effect that the storm prevails along the entire system of the road from points in Missouri to Texas. A high wind is prevailing and the snow is drifting badly.

Increasing in Violence.

ST. JOSEPH, Mo., Feb. 12.—A heavy snowstorm set in here at 11 o'clock Sunday and it is now six inches deep on the level. The mercury is 10 above with a strong wind blowing from the north-west. Street car traffic is entirely suspended.

Reports received at the general offices of the Burlington are to the effect that the storm extends over a great part of the system, increasing in violence as it proceeds southward. All freight trains are moving very slowly and passengers are barely making time.

At St. Louis and Vicinity.

ST. LOUIS, Feb. 12.—About 10 o'clock yesterday evening snow commenced to fall and it is still snowing hard.

Telegrams received from various cities west and northeast and so far south as Texas indicate that a heavy snowstorm and blizzard prevails over that section. Northern and Central Illinois and Iowa were also under the influence of the storm. At Keokuk, Burlington and Quincy streetcar traffic was all stopped and trains from the northwest are late.

Texas Stockmen Alarmed.

SAN ANGELO, Tex., Feb. 12.—For eight hours snow has been falling, accompanied by a cold wind, which has considerably alarmed stockmen. If the storm continues for any length of time the death percentage of stock will inevitably be large, as there are many localities in which there is scarcely anything to eat.

ACKNOWLEDGED HIS CRIME.

An Aged Greek Merchant Locked Up For Wife Murder.

BIRMINGHAM, Ala., Feb. 12.—Paul Locasio, an aged Greek merchant, is in jail here for the murder of his wife. Shortly after dark last night residents in the neighborhood of where Locasio lived

heard piercing screams and rushing out, saw Locasio dragging the prostrate form of his wife across the street.

When he saw the people coming he fled pursued by a large crowd. He was caught, but the police arrived in time to hurry Locasio to jail before he was harmed. The woman had a wound three inches deep in her head inflicted with a spade. She died shortly afterward. Locasio acknowledges the crime but refuses to talk further. This is the fourth murder in and around Birmingham within two days.

CONGRESSMAN HOUK BURIED.

His Remains Laid to Rest in Woodland Cemetery, Dayton.

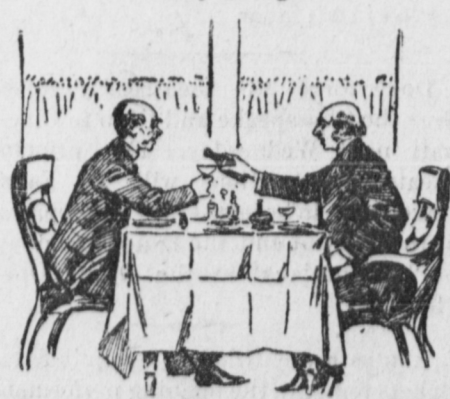

DAYTON, O., Feb. 12.—The remains of Hon. George W. Houk, congressman from this district, were buried here yesterday. The train arrived from Washington at 1:45 p. m. Accompanying the body were Senator Allen of Nebraska, Congressmen Ritchie, Hulick and Hare of Ohio, Bryant of Nebraska, Springer and McDonald of Illinois, Taylor of Indiana, Ellis of Oregon and McKaig of Maryland.

The funeral train was met at the depot by a committee of citizens with hearse and carriages and proceeded directly to Christ Episcopal church where services were held. Then procession formed and, under escort of the Dayton Bar association and Gravel Hall Democratic club, marched to Woodland cemetery for the burial of Congressman Houk. The congressional committee started back to Washington by the Pennsylvania train at 9 o'clock.

Consolidation of Railroads.

TOLEDO, Feb. 12.—It is currently reported in railroad circles that the Columbus, Hocking Valley and Toledo railroad will secure control and management of the Flint and Pere Marquette road in the near future. Mr. Thomas F. Ryan, a heavy stockholder of the former system, has recently been elected to the directory of the Marquette, and has announced his intention of bringing about a consolidation.

Easy Enough.

Lightly—How do you manage to keep your gas bills so small?

Tightly—I have four daughters, and there's a bean in the parlor every night. —Life.
